

Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Sunday 27 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:

Widespread rain turning heavy and thundery at times.

Today:

A wet start for many with outbreaks of rain continuing from overnight. Rain will become heavy and more widespread during the day carrying the risk of the odd rumble of thunder. Breezy especially along the north coast. Maximum temperature 20 deg C (68 deg F).

Tonight:

Heavy and persistent rain will continue into the evening and overnight, gradually moving northwards to clear most by dawn. A mild night. Minimum temperature 13 deg C (55 deg F).

Monday:

Turning drier on Monday with sunny spells and scattered showers in the afternoon, some of these heavy at times. Feeling warm in the sunshine. Maximum temperature 22 deg C (72 deg F).

Outlook for Tuesday to Thursday:

Often cloudy with outbreaks of rain and showers through the period, mainly in the east. Showers heavy at times with the risk of thunder. Somewhat drier and warmer on Thursday.
